

**BRÜHL, Theresia Maria Anne von,  
Gräfin von Thun und Hohenstein**

Pförten 8.XI.1784 – Prague 8.III.1844

A member of the von Brühl family, niece of the celebrated patroness Tina von Brühl (*n. Huin*). In 1808 she married Franz Antoni Graf von Thun und Hohenstein (1786–1873). While she may have started several years before the work dated 1803, it is unlikely that she worked before 1800. The Vestal is copied after the Kauffman painting in the Gemäldegalerie, Dresden, while the Sibyl is close to a painting by Mengs (London, Sotheby's, 12.V.1976; Roettgen 1998, no. 114).
