

Neil Jeffares, *Dictionary of pastellists before 1800*

Online edition

CALANDRUCCI, Giacinto

Palermo 1646–1707

Pupil of Carlo Maratti and Pietro del Pò. These two rough studies, among the 1500 or so surviving drawings mostly in the Louvre or Düsseldorf, do not demonstrate that Calandrucci produced finished pastels. His pupil Giovanni Battista Calandrucci (c.1669–1749) worked in Rome.
