DUMAS

f. Montpellier 1775–93

Miniaturist who, in 1784, submitted one pastel and a case of miniatures to the Salon de Montpellier where he resided. Signed miniatures from c.1775 are similar to those of the miniaturist, rue de la Magdeleine, faubourg Saint-Honoré exhibiting in the Paris salon of 1793. Is he to be identified with the pupil of Lucas, J.-P. Vigan and G. Goudin who exhibited various drawings in the Salons de Toulouse in adjacent years?
