**FRANÇOIS, Mme Jean-Charles,
née Marie-Catherine Frédou**

c.1712 – Paris 1773

Portraitist; it is unclear whether she worked in pastel, although Greer implies that she might have been influenced by Carriera. Her works have been confused with those of her brother Jean-Martial Frédou (*q.v.*). There is a 1762 oil portrait of her by Carle Van Loo.
