

Neil Jeffares, *Dictionary of pastellists before 1800*

Online edition

PFEIFF, Johann Ludwig von

Mainz 1710 – Braunschweig 1779

Engraver, painter, draughtsman and miniaturist. His father was a member of the court at Mainz, and had an important picture collection which inspired the son to take up art. According to Hüsgen pastel was among the numerous different media he employed; he worked also in various genres.
