

Neil Jeffares, *Dictionary of pastellists before 1800*

Online edition

PERIGNON, Alexis-Nicolas, l'ancien

Nancy 1726 – Paris 1782

Several generations of flower painters and engravers bore this name, and a portraitist was active in Strasbourg and Besançon 1779–90. The drawings in the 1798 sale may well have been in gouache, the preferred medium of Nicolas Perignon.
