## **ROUAN, Graf**

*fl.* Vienna 1760–68

“Le comte Rouan” paid 77 florins (with a comte de Richecour) for lessons with Pierre-Joseph Lion (*q.v.*) during his stay in Vienna 1760–68. The name has not been traced: this is too early for him to be the French ambassador in Vienna, prince Louis de Rohan; later, a Graf Roon was a Prussian soldier.
