

Neil Jeffares, *Dictionary of pastellists before 1800*

Online edition

WAGNER, Johann Martin von

Würzburg 1777 – Rome 1858

History painter and portraitist; he used pastel during his studies at the Vienna Akademie, where he was a pupil of Füger and took first prize in 1802. A pastel traditionally attributed to him was offered at auction in 2015 judiciously catalogued as circle of Füger; its attribution is currently undecidable.
